Phytosanitary requirements

- No Mediterannean, Natal, Cape or *Bactrocera dorsalis* fruit fly species or False Codling Moth allowed to any destination. Rejection by Dole, PPECB or DOA will result in pallets returned as BTG (Back to Grower) and no repacking, re-labelling and re-presentation for inspection is allowed.
- USA protocol-specific actionable restrictions on:
  Critical quarantine pests: Banded snout beetle; Vine snout beetle; Pear leaf roller.
  Hitch-hiking pests: Grain chinch bug; crickets; snails; stink bug; sack spiders.

Food Safety requirements

- ***It is Dole plc company and USA customer requirement that only GFSI benchmarked food safety standards are allowed.***
- Valid **GlobalGAP IFA V6.0 GFS** certificate. GlobalGAP audit does not have to be part of an unannounced program.
- The USA FSMA regulation's FSVP Rule require that the importer do supplier verification checks prior to acceptance of the product; the best tool for growers to adhere to these requirements is to do the **FSMA add-on module** together with their GlobalGAP audit, or with the BRC audit. It also includes mandatory FSMA training by the supervisor / person in charge of food safety at the farm.
- For the packing facilty, the following standards are acceptable, and must be part of an *unannounced audit program* :
  - **BRCGS Food Safety** - Issue 9 with a minimum rating of B & module 14 meeting Costco requirements.
  - **BRCGS START!** - Intermediate level with score >80% for first year and thereafter do a BRCGS Food Safety audit, or do an annual unannounced Costco Addendum audit in addition.
  - **GlobalGAP Produce Handling Assurance (PHA)** with an additional unannounced Costco Addendum audit.
- Complete spray application records for the batch.
- Residue COA available and approved by Dole.

Residue requirements & restrictions

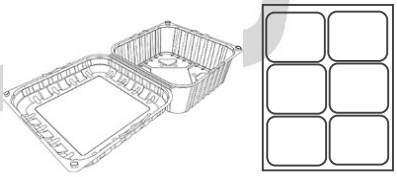

USA legal compliance only; no additional customer requirements.

Quality requirements

- At pack: **0%** blemishes, decay, mould, dry stems, wet/crushed berries, excessive shatter, dirt, foreign objects.
- Tolerances allowed: 5% on colour and minimum diameter.
- ***NO tolerance on underweight punnets.***
- **Colour**: milky white (white seedless) / typical of variety (red seedless).

Printed copies are uncontrolled, always refer to d6 for current versions.

	COSTCO USA 6 x 1.36 kg (3 lbs) clamshell punnets Fresh label & sleeve			Document	12a
Season	2026	**Compiled by**	Colette Le Roux	**Date**	17/12/2025
Commodity	Table Grapes	**Approved by**	Bridie Alley	**Version**	1.0

Special arrangements	• Only PUCs and PHCs with registration approval from both DOA and USDA-APHIS may pack and export to the USA. • Dole opts to use the conventional pre-clearance option with steri shipment for exports to USA (as opposed to irradiation of grapes pre-shipment). • If applicable to the area, a Removal permit for Bactrocera dorsalis fruit fly is required by USDA-APHIS at the inspection point. • The USA Food and Drug Administration (FDA) requires an active FDA registration and DUNS number for all packing facilities packing for the USA; the registration is done online and valid for 2 years. Note that Primary Production and on-site packing facilities are exempt of this requirement. • Refer to the USA protocol (uploaded to d6) for additional information on: - Biometric sampling method (mandatory for pre-clearance option) - complete the form uploaded to d6 to show your calculations; this form must also go to the inspection depot for the USDA inspector's perusal; - USA is considered a special market and requires an Accompanying document stamped by PPECB at the pack house, to accompany the consignment to the approved phytosanitary inspection point for inspection by DOA and the USDA-APHIS inspectors.
Carton	• **600 x 400 x 134mm open top carton.** • **Carton artwork according to the variety group (colour):**  
Inner packing material	• Plastic inner bag: **Superior packaging 120 holes x 5 mm**; with tear-off perforations and "Pull and tear away to display" printed above the perforations. • No corrugated sheet used. • Gas sheet & Proteku Absorption sheet - refer to packing guide for allowed types and combinations. • Use a bottom sheet when required - refer to packing guide.
Punnets & packing method	• **Clamshell** punnet. • **Ilip SET B29 R-PET; 186 x 186 x 130 mm** • **6 punnets per carton.** • Punnet must appear fully packed; no open/empty corners. • Ideally **4 to 6** bunches per punnet. • Minimum 115g per bunch. 
Punnet packing & weight	• **Min. 1.45 kg net at packing** (1.36 kg net fruit weight at arrival); no tolerance for underweight punnets at arrival.

Punnet lables

- Fully pre-printed generic punnet labels for Red or Green Seedless labels.

Label placement

Printing direction off machine

Additional punnet labels

- An unique **additional traceability** label must be affixed to **each punnet, underneath the punnet**, with the following information.
- The label size is not specified. Usually printed using **Bartender** (contact Casper Jacobs if you need assistance).
- Overprint information to print:
  - **PUC**
  - **GGN** *(grower)*
  - **GLN: 6009644340002** *(Dole)*

PUC: A1030
GGN: 4049928403513
GLN: 6009644340002

Punnet sleeve

- A **punnet sleeve** is added to each punnet after closure and weight checking.
- The sleeve is closed using the slits provided on both end; slide the one slit into the other one to close.
- The punnet sleeve is **colour coded**, based on the grapes packed (green or red):

Palletizing

- **Only CHEP pallets** (1219 x 1016 mm) may be used. **Each grower to open and manage their own CHEP account.**
- **For the USA, only use Chep code 4055, Paltrack code C.**

Carton label

- Label size 80 x 65 mm.
- Ensure the Inner Packaging is indicated as **6 x 3 lb/1.36 kg**. *Type by hand if necessary.*
- When applicable, ensure that the SunWorld statement is printed on the label.
- No double labeling (pasted over another) allowed.

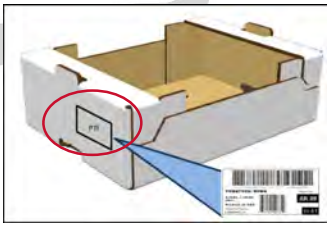

Extra carton label (PTI label)

- An **extra label** must be affixed to each carton. Paltrack, RBR and DiPar carry this format.
- This label must be affixed in the top right corner of each carton and posiotned to not be covered by the corner piece.
- **NOTE:** the date format in the harvest date field must be **mmm/dd, eg. Jan 15**

Please ensure the solid line is printed above the barcode. This indicates the barcode is complete. If this does not show, please do not proceed!

PTI barcodes:
- White seedless: 6009644340514
- Black seedless: 6009644340521
- Red seedless: 6009644340507
